

Furnace Fundraiser 2024

Dear Chapter Members and Friends of the Fairfield County Genealogical Society:

The reason for this letter is to solicit donations for a new furnace for our research Library building!

First, thank you for your continued support of the Fairfield County Chapter of the OGS. As a non-profit organization the chapter receives no local, state, or federal support and no one associated with the Chapter, from our hard-working volunteers to the Chapter Board members, receives any compensation for their services. Our budget derives its financial support from your membership dues, sales of publications, fund raising activities and **donations**.

Over the past several years we have had reoccurring problems with the furnace and were told, this fall, that getting replacement parts would likely be impossible due to its age. To the best of our knowledge the furnace is 27 years old. In addition, we recently had to replace the hot water heater. This large, unexpected expense has seriously stressed our financial health.

Please help us keep our doors open to all who want to research their ancestral roots. Your donation no matter the size will help us in purchasing a new furnace.

Any amount of money beyond the regular price of membership and/or the purchase price of publications is considered a tax-deductible donation. All donations would be appreciated.

Thank you,

Dee Solt, President
Deborah Ford, Fundraising Chair
